The **living room** is the indoor play area where the toys are available for free play; there is also a quiet comfortable area for reading or looking at books. Indoor themed activities usually take place here. I have a playpen for babies or young children can use it as a playhouse. I also have a high chair and a toddler table & chairs are available for activities and dining.

I can provide controlled, supervised access to television, DVDs, Wii console, a computer and the internet (all with consent and with agreed limitations).

The **living room** also plays host to the following toys and activities:

- Lego and wooden blocks
- Magnetic train set, cars and construction vehicles
- MicroScalextric
- Jigsaw puzzles
- Reading and picture books
- Arts and craft (paints, crayons, play dough, cutting, gluing, aquadraw, fuzzy felt)
- Singing, musical instruments and dancing
- Board games
- Dressing up, kitchen and workbench

---

There is limited supervised access to the **kitchen** for cooking activities.

The **downstairs toilet** is fitted with a toddler toilet seat. We also have a toddler step and potty. Parents will need to provide a flannel and towel for their child. We have a changing mat. There is also a toddler seat available for use in the **bathroom** upstairs.

We have a well maintained, safe, secluded, gated, child friendly **garden**; a large parasol is available to provide a shaded area of play and the playpen can also be used outside and provides SPF50 protection. The following outdoor toys are available:

- Sand table
- Water play
- Slide and seesaw
- Outdoor Playhouse
- Tunnel and tent
- Scooter
- Bike
- Various ball games

There is limited access to the **bedrooms** upstairs for children who require naps; I can provide a travel cot or bed. Parents will need to provide bedding for their child to use. I have a baby monitor for use during naps if required.

The following safety equipment is used **throughout the house** to restrict access to areas and to prevent and treat accidents:

- Corner protectors
- Gates
- Plug covers
- cupboard locks
- First aid kits
- Smoke detectors and fire safety equipment.

**Outing** equipment such as a three-wheel pram/buggy, double buggy, reins and a wrist strap are
